Powerful Feature..... 4

Tokenomics ..... 5

Roadmap ..... 5

## **INTRODUCTION**

BSCJackpot (BSCJ) is BSC token designed to bring daily jackpot reward to our best holder. Every 24 hours BSCJ will have give away BNB to best holders that hold the token. BSCJ Contract developed with a non-writeable function on dev account which bring full community trust and safu contract.

## **THE TECHNOLOGY BEHIND BSCJ**

BSCJ is simple in surface , but a very complex and smart web3.0 contract which giving reward to diamond hands. We have thought of most of the mechanics most think we have breezed past, feel free to stop into our Telegram to discuss it with us.

Via daily rewarding BNB to diamond hand while doing buyback and burn. BSCJ's predicted price will be \$1 per BSCJ at the end of roadmap.

BSCJ will launch a series of platform and utilities along with the marketcap growth. Starting from NFT, swap tool and DeFi function. BuyBack & Burn, generating positive price action, and removing more tokens from circulating supply and rewards eligibility.

## **WHY SHOULD YOU INVEST IN BSCJ**

### **1. 100/100 Audited with Tokensniffer**

Dev is experienced solidity programmer based in Asia. Smart contract was designed such way that nobody in the world can edit the tax or maxsell.

### **2. Experienced Developer & Team**

Developer & team who are veterans in crypto.

### **3. Daily BNB Jackpot Giveaway**

From 0.5 BNB daily into 5 BNB daily will be giveaway to the best holder.

### **4. Renounce**

2 Contract will be created by BSCJ, governance token which are renounced and utility contract for each dAPPS.

## **POWERFUL FEATURE**

- 1. 100/100 Tokensniffer Score**
- 2. Long Liquidity Lock**
- 3. Anti whale to prevent dump**
- 4. Active and strong telegram Army**
- 5. Unlimited giveaway**
